## Safety checks at tahfiz schools

**IPOH:** The Perak Youth Parliament and Youth State Assembly members will assist tahfiz schools in the state to perform fire safety checks.

Its Technology, Innovation, Communication and Multimedia Committee chairman Muhammad Naim Al Amin Saharudin said the objective was to ensure the schools would be able to handle emergencies in the event of a fire.

"Our members will visit the schools throughout the state to assist them," he told reporters after handing over four fire extinguishers during a visit to the Maahad Tahfiz Al-Qurab As-Syaafi in Kampung Baru Pekan Tambun on Wednesday. "We will also identify unregistered schools."
