No let-up: An Ampang Jaya Municipal Council officer fogging a neighbourhood in Taman Bukit Permai, Ampang as part of the 'Lorong Belakang Bebas Aedes' programme. The Selangor government and its state agencies are stepping up efforts to deal with the dengue epidemic as the number of cases remains high. — P. NATHAN/The Star

Still on dengue alert

Although the number of dengue cases in Selangor has dropped by 11.6% compared to last year, authorities are concerned as there are 13 hotspots in the state with 466 cases reported last week. > 2&3
