## Bangladeshi killed in construction mishap

**KUALA LUMPUR:** Firemen took nearly 12 hours to retrieve the body of a Bangladeshi worker who was trapped after a section of a building under construction collapsed in Jalan Cochrane here. The firemen recovered the body of the worker, who was in his 20s, at 5.23am yesterday, said Kuala Lumpur Fire and Rescue Department director Khiruddin Drahan. Tenaga Nasional Berhad, in a statement yesterday, confirmed that a small section of a floor of the main intake substation under construction near the Cochrane MRT had collapsed.
