

Noh: Govt mulling 6,000 studio-type Rawang homes

TANJONG KARANG: The Urban Wellbeing, Housing and Local Government Ministry plans to build 6,000 transit housing units in Rawang to help youths, especially those in urban areas.

Minister Tan Sri Noh Omar said these studio-type units would be built on 202ha of land.

The ministry had secured Cabinet approval for the project last month, he added.

"The implementation will be expedited with a Barisan Nasional win in the 14th general election," he said after a walkabout in Kampung Sawah Sepadan here yesterday.

Also present was Tanjong Karang Wanita Umno chief Datuk Habibah Yusuf.

Noh, who is Selangor Barisan chairman, said the housing units measuring 42sq m x 60sq m would be built in collaboration with a private developer.

Earlier, he handed out contributions of daily essential goods to eight families in the village. — Bernama
