KLANG: The People's Housing Project (PPR) which the Urban Wellbeing, Housing and Local Government Ministry had planned to build here, will be completed by 2020, said its minister Tan Sri Noh Omar. He said the project in Pasir Penambang would comprise about 1,000 PPR single-storey units and 122 PPR flat units which would be sold at much lower than market prices. "The developer has assured me that the project which will begin this year, will be completed within three years," he said after launching a unity programme. – Bernama
